

FORMATEUR

DR VINCENT AUFFRET

MÉDECIN CARDIOLOGUE

Le Dr Vincent Auffret est cardiologue et praticien hospitalier universitaire dans le service de cardiologie et maladies vasculaires du CHU de Rennes. Il y est responsable médical de l'Unité fonctionnelle d'hospitalisation de semaine.

Après un séjour à l'Institut Universitaire de Cardiologie et Pneumologie de Québec, il est depuis 2019 titulaire d'une thèse de science portant sur l'« Aide à la décision dans le remplacement valvulaire aortique percutané ».

Ses travaux universitaires portent sur le traitement percutané des coronaropathies et des valvulopathies. Il a contribué à plus de 70 articles scientifiques référencés dans son domaine de spécialité.

ARTICLES SCIENTIFIQUES

Auffret V et al.

Determinants and impact of heart failure readmission following transcatheter aortic valve replacement. *Circ Cardiovasc Interv.* 2020; 13(7): e008959.

Auffret V et al.

Conduction disturbances following transcatheter aortic valve implantation: increasing the 'pace' towards prospective evidence. *Eur Heart J.* 2020; 20: ehz957.

Auffret V et al.

Pharmacoinvasive strategy versus primary percutaneous coronary intervention for ST-Segment elevation myocardial infarction in patients ≥ 70 years of age. *Am J Cardiol.* 2020; 125(1):1-10.

Leurent G, **Auffret V et al.**

Is there still a role for the intra-aortic balloon pump in the management of cardiogenic shock following acute coronary syndrome? *Arch Cardiovasc Dis.* 2019; 112(12):792-798.

Beve M, **Auffret V et al.**

Comparison of the transarterial and transthoracic approaches in nontransfemoral transcatheter aortic valve implantation. *Am J Cardiol.* 2019; 123(9):1501-1509.

Auffret V et al.

Idiopathic/iatrogenic left bundle branch block-induced reversible left ventricle dysfunction: JACC state-of-the-art review. *J Am Coll Cardiol.* 2018; 72(24): 3177-3188.

Benamer H, **Auffret V et al.**

Position paper of French Interventional Group (GACI) for TAVI in France in 2018. *Ann Cardiol Angeiol (Paris).* 2018; 67(6):455-465.

Helleu B, **Auffret V et al.**

Current indications for the intra-aortic balloon pump: The CP-GARO registry. *Arch Cardiovasc Dis.* 2018; 111(12):739-748.

Auffret V et al.

ORBI and RICO Working Groups. Predicting the development of in-hospital cardiogenic shock in patients with ST-segment elevation myocardial

infarction treated by primary percutaneous coronary intervention: the ORBI risk score. *Eur Heart J.* 2018; 39(22):2090-2102.

Vy P, **Auffret V et al.**

Patient- specific simulation of guidewire deformation during transcatheter aortic valve implantation. *Int J Numer Method Biomed Eng.* 2018; 34(6):e2974.

Pimor A, **Auffret V et al.**

Immediate complete revascularization in patients with ST-segment elevation myocardial infarction and multivessel disease treated by primary percutaneous coronary intervention: Insights from the ORBI registry. *Arch Cardiovasc Dis.* 2018; 111(11):656-665.

Auffret V et al.

Conduction disturbances after transcatheter aortic valve replacement: current status and future perspectives. *Circulation.* 2017;136(11):1049-1069.

Auffret V et al.

Transcatheter Aortic Valve Implantation Versus surgical aortic valve replacement in lower-surgical-risk patients with chronic obstructive pulmonary disease. *Am J Cardiol.* 2017;120(10):1863-1868.

Auffret V et al.

Clinical impact of baseline right bundle branch block in patients undergoing transcatheter aortic valve replacement. *JACC Cardiovasc Interv.* 2017; 10(15):1564-1574.

Puri R, **Auffret V et al.**

Bioprosthetic valve thrombosis. *J Am Coll Cardiol.* 2017; 69(17):2193-2211.

Auffret V et al.

Feasibility, safety, and efficacy of transcatheter aortic valve replacement without balloon predilation: A systematic review and meta- analysis. *Catheter Cardiovasc Interv.* 2017; 90(5):839-850.

ARTICLES SCIENTIFIQUES

Auffret V et al.

The challenging realm of neurocognitive evaluation following transcatheter aortic valve implantation.
Arch Cardiovasc Dis. 2017; 110(4):203-205.

Auffret V et al.

Prevalence and impact of prosthesis-patient mismatch following surgical aortic valve replacement for pure aortic regurgitation.
J Heart Valve Dis. 2016; 25(5):543-551.

Auffret V et al.

Efficacy and safety of prehospital administration of unfractionated heparin, enoxaparin or bivalirudin in patients undergoing primary percutaneous coronary intervention for ST-segment elevation myocardial infarction: Insights from the ORBI registry.
Arch Cardiovasc Dis. 2016; 109(12):696-707.

Auffret V et al.

Serial changes in cognitive function following transcatheter aortic valve replacement.
J Am Coll Cardiol. 2016; 68(20):2129-2141.

Auffret V et al.

Predictors of early cerebrovascular events in patients with aortic stenosis undergoing transcatheter aortic valve replacement.
J Am Coll Cardiol. 2016; 68(7):673-84.

Auffret V et al.

Incidence, timing, predictors and impact of acute heart failure complicating ST-segment elevation

myocardial infarction in patients treated by primary percutaneous coronary intervention.

Int J Cardiol. 2016;221:433-42.

Auffret V et al.

High-degree atrioventricular block complicating ST segment elevation myocardial infarction in the contemporary era.
Heart. 2016; 102(1):40-9.

Auffret V et al.

Treatment of drug-eluting stents in-stent restenosis with paclitaxel-coated balloon angioplasty: Insights from the French «real-world» prospective GARO Registry.
Int J Cardiol. 2016; 203:690-6.

Auffret V et al.

Efficacy of pre-hospital use of glycoprotein IIb/IIIa inhibitors in ST-segment elevation myocardial infarction before mechanical reperfusion in a rapid-transfer network (from the acute myocardial infarction registry of brittany).
Am J Cardiol. 2014; 114(2):214-23.

Auffret V et al.

Predictors of 6-month poor clinical outcomes after transcatheter aortic valve implantation.
Arch Cardiovasc Dis. 2014; 107(1):10-20.
